Let's start our
journey !

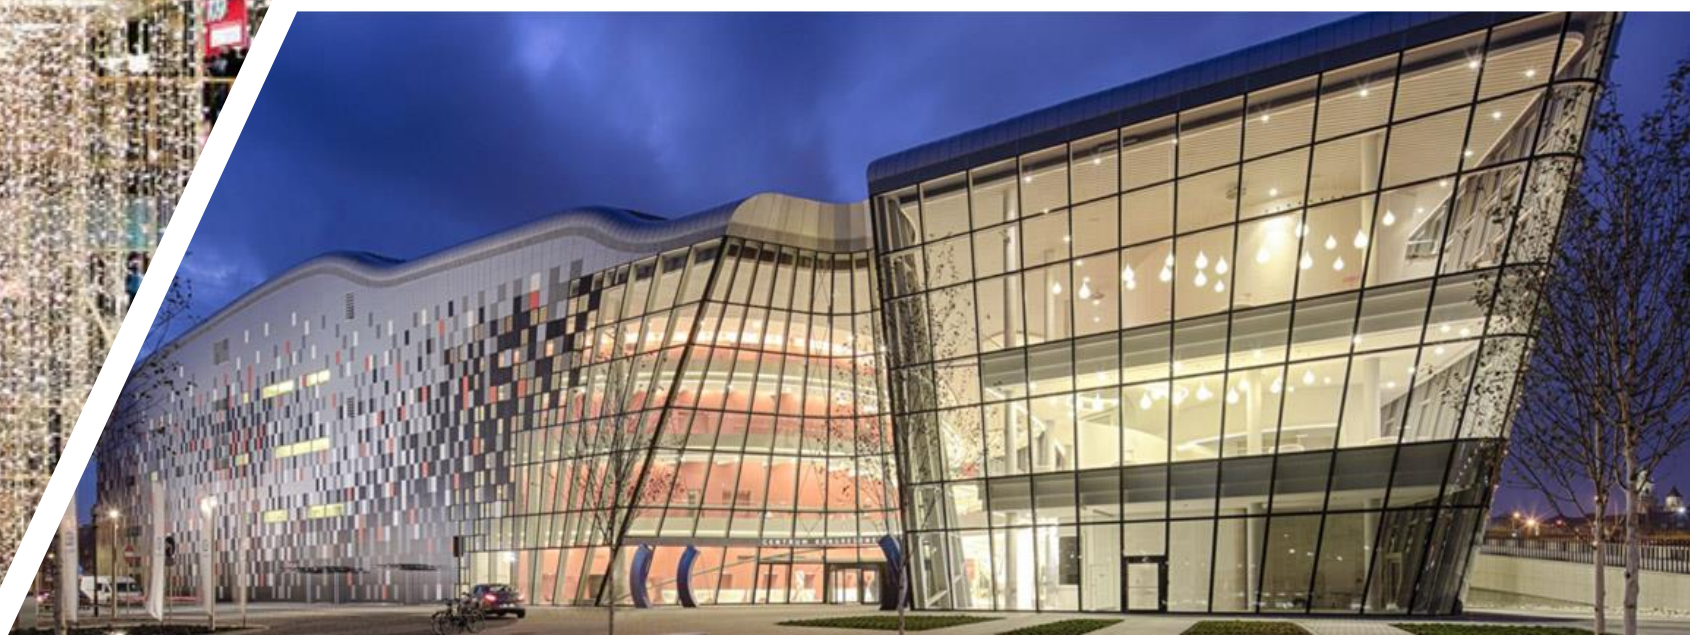

The nearest airport
from our school is
▶ *Balice Airport*
in the very famous
Polish city - Cracow

As you will be in Cracow, you must see this
stunning places:

From Cracow to Pcim,
where our school is
located it is just 50 km

**Pcim is a very small town with
the mountainous views and
green areas.**

About 5000 people live there.

**The landscape in our area
changes along with the
seasons of the year.**

...and Pcim is a
place where
our lovely school
is !

About us...

- **The Primary School No. 3 Pcim in Poland counts about 240 students (with kindergarten) aged from 5-14 and 25 teachers. Our school is involved in many actions and projects, especially those connected with the usage of new technologies. Along with Poland's accession to the EU we got the possibility to broaden our minds and join to the ERASMS + projects and this is what we constantly do. We are open for the cooperation with other foreign schools, institutions and organizations. We value openness, subsidiarity and modernity.**

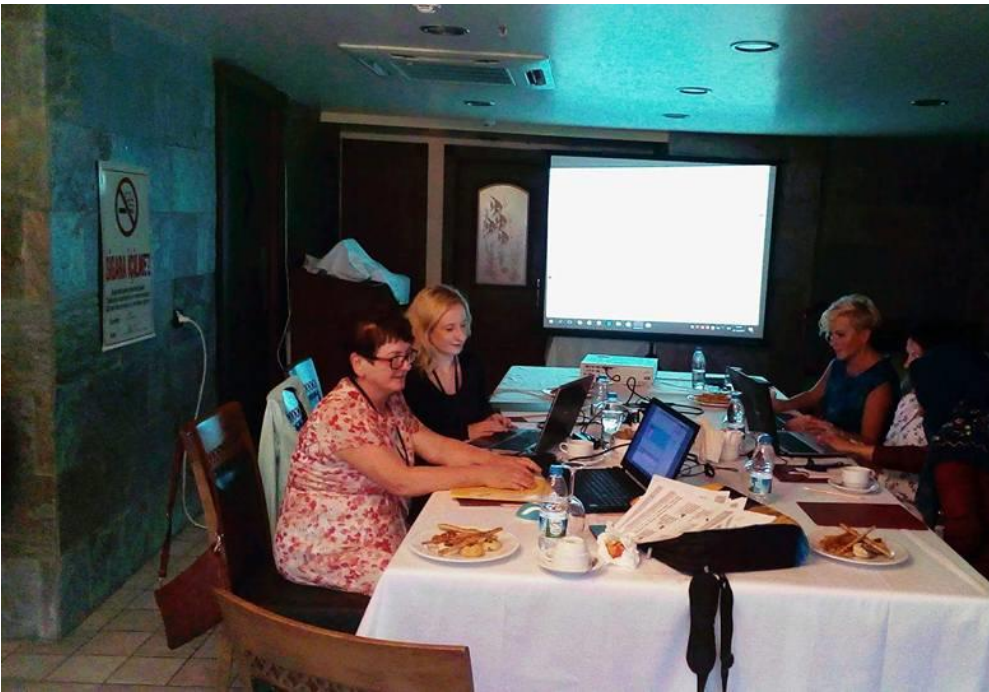

Our trainings and results of the projects:

- **The teachers from our school are taking part in many abroad trainings, in the following countries: Turkey (Stanbul), Malta, Ireland (Dublin), Italy (Bologna) etc. For the year 2019 we are also planning to learn in some new places, including Spain (Tenriffe) and again in Turkey and Malta.**

EUROWEEK

The very common tool used by us is Content and Language Integrated Learning. Children increase their motivation to learn and develop a stronger understanding of a foreign culture. By challenging our students with CLIL, we know that they will be able to build confidence in their abilities. The best part of this is that their confidence won't be inflated – the legitimate cognitive and academic skills encouraged by CLIL are widely recognized and valued in our school.
